Refacing Details

Here are some refacing details...

- Most refacing's can be completed in one day.
- It takes anywhere between 2 weeks to 5 weeks to prepare the order depending on the type of door being ordered.
- Most kitchens can be refaced but some older kitchens with visible hinges might not be able to be refaced.
- Refacing does not include refacing the insides of cabinets.
- Please note that is a minimum charge and we don't do one or two doors.

Refacing Prices

Use our [online estimator](http://www.cabinetsrus.org/refacing) (www.cabinetsrus.org/refacing) to get an instant estimate of how much your all inclusive refacing will cost.

Then, book through our website a visit from our 'measure and quote' team. You will have all your questions answered, have the precise measurements taken, and get the official quote so you will feel comfortable about making the order.
